

NEW CARTRIDGE ARALDITE 2012

4022.439.80006

This mailing contains important information for you as user of the Araldite 2012 in 50ml cartridge.

The manufacturer of this adhesive (Huntsman) has decided to transfer the packing of several adhesives to Poland. Simultaneously, the cartridge and mixers are changed. The product specifications remain the same and the first batch of the adhesive in new cartridge has passed the test performed for certification. Testing will be repeated periodically, ensuring the quality of the product supplied to you.

Old 50ml cartridge and mixer

New 50ml cartridge and mixer

Important:

- Every cartridge is provided with one original mixer.
- Cartridge openings are the same size.
- The cartridge change does not affect the quality or specifications of the material.
- The 12NC remains unchanged: 4022.439.80006 and can be ordered from stock.

Kind regards,
Mavom BV
